Growing Quality Since 1961

pineapple

Variety: MD-2

In 1998, the first MD-2 clonal plantlets were planted by Terra Sol in Ecuador, the new industry favorite. Benefiting from one of the most stable and rich environments on the equator, from where we can provide quality sweet pineapples all year round.

Availability: ALL YEAR

Facts: Incredibly sweet and fragrant, it has twice as much vitamin C than other pineapple varieties!
